PRIVATE

No. 1028.

Sept. 7th, 1906.

Holland America Line,
Rotterdam.

Gentlemen :

We received your favor, private 756, of August 21st, contents of which had our best attention. We fully believe with you that the steamship Companies could follow up with good results their different cases in which unauthorized persons sell orders on Europe.

3128

However, it remains a question whether this course is advisable. Similar matters, if brought before a court, may easily lead to further investigation of the present methods employed by the steamship companies, which, in many respects would cause unsatisfactory results. The course followed by the steamship companies in their different meetings to maintain control of the agents under their supervision is in many ways very arbitrary, and although from the steamship companies' standpoint justifiable, may be condemned if brought before an investigation committee.

For this reason, we think it is very desirable to proceed slowly. However, in one of the next meetings, we will have this matter brought up and fully discussed, informing you of the result.

3129

Messrs. Zotti & Co.

Apparently this company is in very bad shape. The steamer Brooklyn has been sold, and Mr. Zotti now is anxious to become a regular appointed agent of the conferences. He always has been a disturbing element in the business, and the best solution of this question is undoubtedly to have him under control,

3130

Petitioner's Exhibit 162

which will be the case, if he accepts Conference rules and regulations. However, there is in our opinion, one feature, which prevents us from acting in this matter, namely, Mr. Zotti's relation to the French Line. In the different pool letters, we have noticed the very bitter tone of Mr. Tattet against Mr. Zotti. As long as the French Line is working in harmony with the different pool lines, we do not consider it fair towards said line, to support a man who is antagonistic, and is trying to fight the French Line, wherever he can.

3131

It is possible that this matter will be taken up in Europe and we would like to hear your opinion before proceeding. So far, the North German Lloyd, the Cunard, and the I. M. M. have endorsed Mr. Zotti's application, and will undoubtedly give him ticket books. It should not be overlooked that special consideration, is, in our opinion not justified in regard to the French Line, as they are actually the cause of Mr. Zotti's position today; they have more than protected him when he was unknown, and have enabled him, by giving him a contract a few years ago, in defiance of the Conference, to have sub-agents, and sell tickets from three to five dollars cheaper than any one else.

3132

As long as Mr. Z is endorsed by nearly all the lines we certainly would be at a disadvantage if we refused him our agency.

Respectfully yours,
HOLLAND AMERICA LINE,

N

A. G.,
General Agent.

GENERAL INFORMATION

ALL PREVIOUS ISSUES OF EUROPEAN INLAND TARIFFS
OF THE URANIUM STEAMSHIP COMPANY,
LIMITED, ARE HEREBY CANCELLED.

The rates to European Inland Points quoted in this tariff are to be applied only in connection with Outward tickets issued from New York. DO NOT USE these rates in connection with Prepays.

These rates are net, no commission being allowed on them.

3185

FOURTH CLASS RAILROAD accommodation is in use in a part of Germany only. If a place cannot be reached over the entire route in the fourth class, our fourth class rates will be found to include third class rail transportation for that part of the journey where there is no fourth class in existence.

3186

THROUGH BOOKING OF THIRD CLASS OUTWARD PASSENGERS TO RUSSIA, AUSTRIA, HUNGARY, ETC.—To meet the requirements of recent regulations enacted by the German Government, the attention of agents is called to the necessity of booking all outward third class passengers passing through the German Empire to their destination in Russia, Austria, Hungary, etc., either to one of the following stations: Bajohren, Eydtkuhnen, Illowo, Insterburg, Myslowitz, Oderberg, Oswiecim, Ostrowo, Ottlotschin, Posen, Prostken, Ratibor, Tilsit and Thorn, or to such points, quoted in our European Inland Tariff and NOT SITUATED IN GERMANY, which are nearest to passengers' final destination.

The boat rates quoted in this tariff entitle passengers to transportation by Rhineboat to a point nearest to destination; from there cheapest rail transportation will be provided.

No tickets at boat rates should be sold between November 1st and March 31st.

CHILDREN. Half rates on European railroads are charged as follows:

In Switzerland, children from 3 to 10 years.

In France, children from 3 to 7 years.

In Holland, Germany and Austria,
children from 4 to 10 years.

In Belgium, children from 3 to 8 years.

Children under 3 or 4 years travel free.

In Russia, children under 5 years travel free.

Quarter rates from 5 to 10 years.

3188

No FOOD is furnished on European railroads; passengers should provide for this themselves.

BAGGAGE. Passengers will receive as much baggage free as the railroads in the different European countries allow. On most of the European railroads, 25 kilos, or 55 pounds per adult on third class tickets are allowed free. On fourth class tickets, only hand baggage is carried free, but passengers will find that a good deal of baggage can be taken as hand baggage in the fourth class carriages. Overweight is always at passenger's expense. On the steamers of the Uranium Line 15 cubic feet or 200 pounds is allowed. The Company assumes no responsibility for hand baggage property or personal effects of any kind which remain in the possession or care of the passengers during the voyage.

3189

Claims as regards damage or loss of baggage must be made to the company's representatives.

BICYCLES AND SEWING MACHINES must be crated or boxed, and are subject to a charge of \$2.00 each.

All baggage should be properly checked and should bear in legible manner the passenger's name, port of

Petitioner's Exhibit 163

3190

destination, name of the steamer, date of sailing, for which purpose labels and baggage tags are furnished.

Baggage can be sent to our piers, so marked, several days in advance of sailing, but must be claimed by passengers prior to boarding the steamer on the day of sailing.

All matters with reference to baggage must be arranged with the baggagemaster before going on board.

3191

GENERAL RULES AND REMARKS IN BOOK- ING STEERAGE AND CABIN PASSENGERS.

PREPAID TICKETS are good for one year from date of issue. Complete address of passengers must be given in advices, so as to enable our Home Office to instruct the passengers regarding departure of steamers, etc. Purchasers should be impressed with the importance of requesting their relatives or friends not to leave their homes until the Company has communicated with them. Considerable inconvenience and trouble has been caused by arrival of passengers, either in advance or after departure of steamers, without sufficient funds for their sustenance, and simply because they did not wait for or comply with instructions.

3192

HEAD TAX. In addition to the Prepaid Ticket Rates, the Agents will collect the United States Head-tax of \$4.00 on each adult, child or infant, endorsing the amount collected across the face of the tickets as well as the advices. Prepaids booked to the port of Halifax for Canada are not subject to a head-tax.

ROUND TRIP TICKETS. Use one Outward and one Prepaid blank for a round trip.

CHILDREN. Tickets for children under 16 years of age will not be accepted unless at the same time the passage of an accompanying adult is provided for. Also please note that when booking children under age (16 years) from Europe going to their parents living in United States outside of New York City it will be necessary for the parents to send with the tickets a sworn affidavit in which it is explicitly and clearly stated that the child or children are going to their parents and state the reason why said child is coming to the United States.

In case a child is going to one of its parents, the other one being in Europe, it will be necessary that the child be in possession of an affidavit from the parent living here stating parentship, guarantee of support and necessary school education; but besides such affidavit the child must also have a statement from the parent in Europe that it is with his or her sanction that the child travels. 3194

If one parent is dead such fact must be stated in the affidavit furnished by the parent living here.

Children under 16 years of age going to relatives are classified under the excluded class, and will not be allowed to land here unless in exceptional cases, at the discretion of the immigration authorities.

THROUGH BOOKING. Prepaid passengers must be booked through to destination. 3195

PRIVILEGE TO LAND, is denied idiots, insane persons, paupers or persons likely to become public charges, persons suffering from a loathsome or dangerous contagious disease, persons who have been convicted of a felony or other infamous crime or misdemeanor involving moral turpitude, and polygamists. It is unlawful for any person to prepay the transportation or in any way assist or encourage the importation or emigration of any aliens into the United States under

Petitioner's Exhibit 169

3196

contract to perform labor or service of any kind in the United States. A promise to give or secure work is considered an implied contract to perform labor and passengers have time and again been refused landing in the United States and returned to Europe by the United States Government inspectors upon stating during the examination that they had been advised by friends here that work had been obtained for them. Under the American laws, persons of sixty years of age or over may be prevented from landing; also women with young children, unless they are accompanied by their husband, brother or some other person of the male sex, cripples, lunatics, persons who are blind, or deaf and dumb, unmarried women in pregnant condition, or mothers with illegitimate children; also persons suffering with favus (scalp disease), trachoma or granulosis (eye disease).

3197

3198

Under the United States Immigration Act of March 3rd, 1903, a Steamship Line bringing to this country aliens afflicted with any of the above mentioned diseases, is subject to a fine of \$100.00 in each case; and although we have for many years called special attention in our circulars to our regulations regarding the booking of Prepaid Passengers, stating just what classes of cases are prevented from landing here, we have lately experienced considerable trouble with the holders of prepaid certificates, who were found at the medical examination to be afflicted with one or another of the diseases referred to above. Passengers thus suffering are readily detected, as they have to pass three medical examinations before they are allowed to embark, and in most cases they are returned to their homes at the expense of the prepaid certificates, thus causing them and the purchasers of prepaids unnecessary hardships, loss of time and money. When issuing a prepaid certificate, you must caution the purchaser to instruct

the passengers not to leave home under any circumstances, unless his eyes and scalp are absolutely healthy and clean.

This subject being of great importance, we request careful attention and co-operation.

The United States Immigration Laws do not specially prescribe that immigrants must have cash money upon arrival in this country, but it will facilitate landing of immigrants and in many cases prevent their detention if they are in possession of some funds.

A further cause of detention is failure to state on the manifest the immigrant's "final destination." The law is not satisfied with the address of a so-called "banker" of the class engaged chiefly in the immigrant business. Such addresses are calculated to conceal the true destination. They are often used as a cover for violation of the Contract Labor Laws. Immigrants provided with them are always in danger of being detained and deported.

3200

Outward tickets must in all cases state distinctly the steamer, date of sailing and the correct rate of passage for such steamer in the body of the ticket, as agents are held responsible for any mistakes they make. In case of uncertainty as to rates or sailings, agents should obtain instructions from us, by wire if necessary, before issuing tickets. Agents will understand the importance of issuing Outward Tickets correctly, for tickets incorrectly issued, will not only cause trouble and expense to themselves, but will also put their passengers to much inconvenience. Agents should not fail to attach to each outward ticket the certificate required by the United States Law as no tickets will be accepted or passengers allowed to embark unless the information required by the Department of Commerce and Labor has been properly recorded on the coupons.

3201

3202

Petitioner's Exhibit 169

BAGGAGE ALLOWANCE. 15 cubic feet are allowed each adult passenger on the steamer. American Railroads allow 150 pounds and European Railroad, third class, allow in most cases 50 pounds free for each full fare, in fourth class only hand baggage is free.

SPOILED TICKETS. Do not cancel or destroy any ticket. When spoiled or unfit for use, return it to us.

ADVISES must be covered by remittances and sent to our offices on day of sale. Promptness in advising is necessary in order to insure proper accommodations to passengers.

3203

Agents will please inform their passengers coming from the interior that they should be sure to have their baggage distinctly marked with their name in full, name of steamer and destination, and checked by the Baggage-master of the train on which they arrive at New York to the Pier of the Uranium Steamship Company, Limited.

3204

SPECIAL ATTENTION IS CALLED TO THE
FOLLOWING REGULATIONS OF THE
CANADIAN GOVERNMENT FOR EMI-
GRANTS DESIRING TO GO TO CANADA.

If an immigrant, male or female, other than a member of a family provided for under the next following regulation, intending to enter Canada, arrives at the border or at any place of landing in Canada between the first day of March and the thirtieth day of October, both days inclusive, he or she shall, as a condition of permission to enter Canada, have in his or her possession at the time of arrival, money belonging absolutely to such immigrant to the amount of at

least \$25.00, a ticket or transport for such immigrant to his or her destination in Canada.

If an immigrant so intending to enter Canada is the head of a family and is accompanied by his or her family or any member or members thereof the foregoing regulations shall not apply to such family or the members thereof but the said immigrant head of family shall have, in his or her possession, in addition to the said sum of money and means of transport hereinbefore required, a further sum of money, belonging absolutely to such immigrant, equivalent to \$25.00 for each member of the said family of the age of eighteen years or upwards, and \$12.50 for each member of the said family of the age of five years or upwards and under the age of eighteen years, and, in addition tickets or a sum of money equivalent to the cost of transport for all the said members of the family to their place of destination in Canada.

3206

Every such immigrant arriving at the border or at any place of landing in Canada between the first day of November and the last day of February, both inclusive, shall be subject to the foregoing regulations, with the substitution of \$50.00 for \$25.00, and \$25.00 for \$12.50, wherever the said sums of \$25.00 and \$12.50 are mentioned in the said regulations.

It shall be the duty of the immigration agents at the various places or ports of arrival or landing in Canada to see that the foregoing regulations are complied with. Provided, however, that the immigration agent may, notwithstanding anything hereinbefore contained, exempt any immigrant from the operation of the foregoing regulations if it is shown to his satisfaction that,

3207

a) The immigrant, if a male, is going to assured employment at farm work, and has the means of reaching the place of such employment; or

3208

Petitioner's Exhibit 169

b) that the immigrant, if a female, is going to assured employment at domestic service, and has the means of reaching the place of such employment; or

c) that the immigrant, whether male or female, is one of the following descriptions, and is going to reside with a relative of one of the following descriptions, who is able and willing to support such immigrant and has the means of reaching the place of residence of such relative:

3209

- I. Wife going to husband.
- II. Child going to parent.
- III. Brother or sister going to brother.
- IV. Minor going to married or independent sister.
- V. Parent going to son or daughter.
